

What is claimed is:

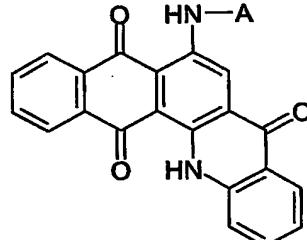

1. A process for dyeing cellulosic fibre materials, wherein the fibre material is brought into contact with at least two dyes from the group of formulae

(1),

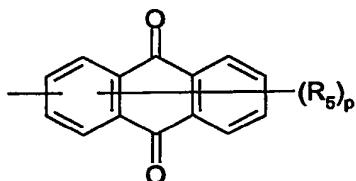

(3) and

(4),

wherein

A is hydrogen or a radical of formula

(5),

R₁, R₂, R₃ and R₄ are each independently of the others halogen, C₁-C₄alkyl or C₁-C₄alkoxy,
R₅ is halogen, C₁-C₄alkyl, C₁-C₄alkoxy, nitro, benzoylamino which is unsubstituted or substituted in the phenyl ring, or unsubstituted or substituted amino,

n, m, r and s are each independently of the others the number 0, 1 or 2, and

p is the number 0, 1, 2, 3 or 4.

2. A process according to claim 1, wherein

R₁, R₂, R₃, R₄ and R₅ are each independently of the others halogen or C₁-C₄alkyl, especially chlorine or methyl.

3. A process according to either claim 1 or claim 2, wherein

n, m, r and s are each independently of the others 0 or 1.

4. A process according to any one of claims 1 to 3, wherein
p is the number 0, 1 or 2, especially 0 or 1.

5. A process according to any one of claims 1 to 4, wherein dyeing is carried out at a pH of from 10.2 to 11.8.

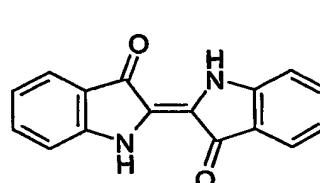

6. A process according to any one of claims 1 to 5, wherein dyeing is carried out at a pH of from 10.8 to 11.6.

7. A process according to any one of claims 1 to 6, wherein the dyes are applied by the pad-dyeing method.

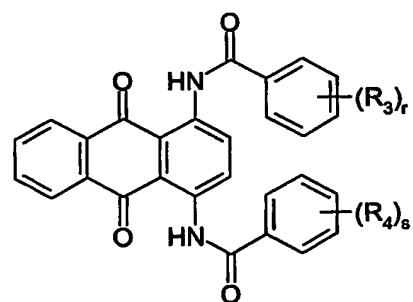

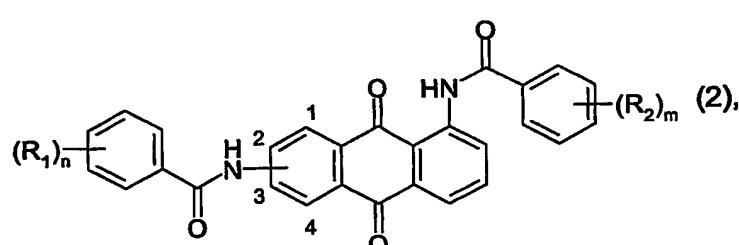

8. A process according to any one of claims 1 to 7, wherein the dyeing process is carried out continuously in a plurality of passes.

9. A process according to any one of claims 1 to 8, wherein the dyeing process is carried out on a hank dyeing machine or an open-width dyeing machine.

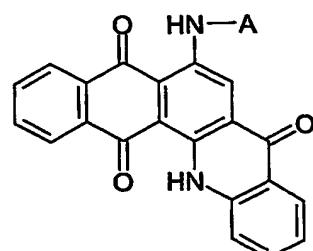

10. A dye mixture comprising at least two dyes from the group of formulae

(1),

(3) and

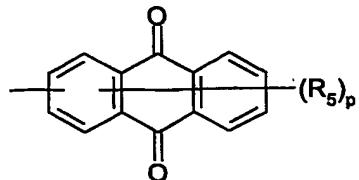

(4),

- 21 -

wherein

A is hydrogen or a radical of formula

(5),

R₁, R₂, R₃ and R₄ are each independently of the others halogen, C₁-C₄alkyl or C₁-C₄alkoxy,

R₅ is halogen, C₁-C₄alkyl, C₁-C₄alkoxy, nitro, benzoylamino which is unsubstituted or substituted in the phenyl ring, or unsubstituted or substituted amino,

n, m, r and s are each independently of the others the number 0, 1 or 2, and

p is the number 0, 1, 2, 3 or 4.
